### Agenda:

Welcome & Roll Call

Approve minutes (Draft was sent January 13) motioned by Jeanell to accept, unanimous

Reading specialist para-professional - follow-up

Can volunteers go through the training or do they need to be hired employees? Trudy said that if we know anyone who is interested to let her know. Paid employees need to have a background check and trainings.

CEF (Cache Education Foundation) Hat's off Recognition—Anyone can nominate for that. cefut.org has guidelines on how to nominate.

Mid-year DIBELS report. Roughly, 82 students aren't at benchmark. 86% are. First grade and Second grade are tricky since the benchmarks change every testing time but in 3rd grade. We always seem to dip in the winter. Teachers think the passages are a little harder for this testing round. SRI is what we're using for our goals because it's not timed and it still tests some growth and 75% proficient is our goal and we're currently at 86%

Discussion of School Improvement Plan (SIP) and STL funds. We're over the Trustlands Plan.

School Safety brought up by Trudy. Asking for 2 crossing guards at the Southwest intersection and suggested solar powered flashing stop signs. Educating parents with letters home may help. Officers presence may help as well. We need to discuss a SNAP plan (safe walking) at some point and the city wants to be involved in that discussion to see what else we need them to do. We'll put that on our March agenda
